## CPA SAFETY AWARDS 2016-2022

Every spring, CPA recognizes participating plants that have exemplary safety records including acknowledgment for long-term, annual, safety improvement, and safety achievement awards. The Production-Technical Committee's Safety Subcommittee continues to ensure that the excellent work of the safety programs and team members in the plants are recognized.

Awards are given to plants with low worker hours (Class I) and high worker hours (Class II). Historically, the number of worker hours has been shown to have an impact on the incident rate so two different bases are used.

### Long-Term and Annual Safety Awards:

The long-term safety award is given to a facility with the best average annual record for the last three years. The annual safety award is given to plants with the best safety record of the year.

### Safety Improvement Award:

The improvement awards are based on a plant's safety improvement over the last three years compared to the previous three years. The most improved Class I and II plants also have a rate below the industry average RIR.

### Safety Achievement Award:

This category is awarded to every plant achieving an RIR that is 50% or more below the industry average over the last three years.

*The CPA Safety Program has an internal audit. Submitted safety data are compared against the plant's OSHA 300 log or a comparable provincial or state document.*

# CPA Annual Safety Award Winners

## 2022 CPA SAFETY AWARDS: CLASS I

**Class I:** Plants operating at less than 300,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest three-year RIR among Class I plants from 2020 to 2022:

- Arauco North America - Sault Ste. Marie, Ontario

**Annual Safety Award** - for having the lowest incident rate among Class I plants during 2022:

- Arauco North America - Sault Ste. Marie, Ontario

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 201-2019 versus 2020-2022:

- Timber Products - Medford, Oregon

**Safety Achievement Award** - for operating from 2020 to 2020 at more than 50% below the average Class I RIR:

- WestPine MDF - Quesnel, British Columbia
- Roseburg - Eldorado, Arkansas

# CPA Annual Safety Award Winners

## 2022 CPA SAFETY AWARDS: CLASS II

**Class II:** Plants operating at more than 300,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest three-year RIR among Class I plants from 2020 to 2022:

- Arauco North America - St. Stephen, New Brunswick

**Annual Safety Award** - for having the lowest incident rate among Class I plants during 2022:

- Arauco North America - St. Stephen, New Brunswick
- Arauco North America - Albany, Oregon

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 2017-2019 versus 2020-2022:

- Roseburg - Missoula, Montana

**Safety Achievement Award** - for operating from 2020 to 2022 at more than 50% below the average Class I RIR:

- Arauco North America - Albany, Oregon

## 2021 CPA SAFETY AWARDS: CLASS I

**Class I:** Plants operating at less than 270,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class I plants from 2018 to 2020:

- 415 Maibec - East River, NS

**Annual Safety Award** - for having the lowest incident rate among Class I plants during 2020:

- 219 West Fraser WestPine MDF - Quesnel, BC

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 2015 - 2017 versus 2018 - 2020:

- 34 Collins Products - Klamath Falls, OR (PB)

**Safety Achievement Award** - for operating from 2018 to 2020 at more than 50% below the average Class I RIR:

- 104 Roseburg - Eldorado, AR
- 001 Arauco North America - Malvern, AR

## 2021 CPA SAFETY AWARDS: CLASS II

**Class II:** Plants operating at more than 270,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class II plants from 2018 to 2020:

- 217 Arauco North America - Sault Ste. Marie, ON

**Annual Safety Award** - for having the lowest incident rate among Class II plants during 2020:

- 222 Arauco North America - St. Stephen, NB
- 007 Arauco North America - Albany, OR

**Safety Improvement Award** - for having the greatest reduction in RIR among Class II plants for the period from 2015 - 2017 versus 2018 - 2020:

- 34 Collins Products - Klamath Falls, OR (PB)

**Safety Achievement Award** - for operating from 2018 to 2020 at more than 50% below the average Class II RIR:

- 222 Arauco North America - St. Stephen, NB
- 415 Maibec - East River, NS

## 2020 CPA SAFETY AWARDS: CLASS I

**Class I:** Plants operating at less than 270,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class I plants from 2018 to 2020:

- 415 Maibec - East River, NS

**Annual Safety Award** - for having the lowest incident rate among Class I plants during 2020:

- 219 West Fraser WestPine MDF - Quesnel, BC

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 2015 - 2017 versus 2018 - 2020:

- 34 Collins Products - Klamath Falls, OR (PB)

**Safety Achievement Award** - for operating from 2018 to 2020 at more than 50% below the average Class I RIR:

- 104 Roseburg - Eldorado, AR
- 30 Woodgrain - La Grande, OR
- 219 West Fraser WestPine MDF - Quesnel, BC
- 208 Panolam Industries - Huntsville, ON

## 2020 CPA SAFETY AWARDS: CLASS II

**Class II:** Plants operating at more than 270,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class II plants from 2018 to 2020:

- 217 Arauco North America - Sault Ste. Marie, ON

**Annual Safety Award** - for having the lowest incident rate among Class II plants during 2020:

- 53 Arauco North America - Moncure, NC

**Safety Improvement Award** - for having the greatest reduction in RIR among Class II plants for the period from 2015 - 2017 versus 2018 - 2020:

- 420 Collins Products - Klamath Falls, OR (HB)

**Safety Achievement Award** - for operating from 2018 to 2020 at more than 50% below the average Class II RIR:

- 001 Arauco North America - Malvern, AR
- 222 Arauco North America - St. Stephen, NB
- 53 Arauco North America - Moncure, NC

## 2019 CPA SAFETY AWARDS: CLASS I

**Class I:** Plants operating at less than 290,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class I plants from 2017 to 2019:

- 219 West Fraser WestPine MDF - Quesnel, BC

**Annual Safety Award** - for having the lowest incident rate among Class I plants during 2019:

- 030 Woodgrain - La Grande, OR

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 2014 - 2016 versus 2017 - 2019:

- 208 Panolam Industries – Huntsville, ON

**Safety Achievement Award** - for operating from 2017 to 2019 at more than 50% below the average Class I RIR:

- 092 Arauco North America – Moncure, NC
- 217 Arauco North America - Sault Ste. Marie, ON
- 219 West Fraser WestPine MDF - Quesnel, BC

## 2019 CPA SAFETY AWARDS: CLASS II

**Class II:** Plants operating at more than 290,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class II plants from 2016 to 2018:

- 404 Louisiana-Pacific Corporation - Roaring River, NC

**Annual Safety Award** - for having the lowest incident rate among Class II plants during 2018:

- 404 Louisiana-Pacific Corporation - Roaring River, NC

**Safety Improvement Award** - for having the greatest reduction in RIR among Class II plants for the period from 2014 - 2016 versus 2017 - 2019:

- 040 Roseburg -Simsboro, LA

**Safety Achievement Award** - for operating from 2016 to 2019 at more than 50% below the average Class II RIR:

- 001 Arauco North America - Malvern, AR
- 116 Arauco North America - Bennettsville, SC
- 215 Uniboard Canada - Mont Laurier, QC
- 216 Tafisa Canada Inc. - Lac-Megantic, QC
- 404 Louisiana-Pacific Corporation - Roaring River, NC

## 2018 CPA SAFETY AWARDS: CLASS I

**Class I:** Plants operating at less than 250,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class I plants from 2016 to 2018:

- 092 Arauco North America – Moncure, NC (PB)

**Annual Safety Award** - for having zero incidents among Class I plants during 2018:

- 092 Arauco North America – Moncure, NC (PB)
- 038 Timber Products – Martell, CA

**Safety Improvement Award** - for having the greatest reduction in RIR among Class I plants for the period from 2013 - 2015 versus 2016 - 2018:

- 214 West Fraser Mills - Whitecourt, AB

**Safety Achievement Award** - for operating from 2016 to 2018 at more than 50% below the average Class I RIR:

- 008 Arauco North America – Eugene, OR
- 036 Roseburg - Taylorsville, MS
- 092 Arauco North America – Moncure, NC (PB)
- 104 Roseburg – El Dorado, AR
- 214 West Fraser Mills - Whitecourt, AB

## 2018 CPA SAFETY AWARDS: CLASS II

**Class II:** Plants operating at more than 250,000 worker hours per year.

**Long-Term Safety Award** - for having the lowest RIR among Class II plants from 2016 to 2018:

- 404 Louisiana-Pacific Corporation - Roaring River, NC

**Annual Safety Award** - for having zero incidents among Class II plants during 2018:

- 208 Panolam — Huntsville, ON
- 404 Louisiana-Pacific Corporation - Roaring River, NC

**Safety Improvement Award** - for having the greatest reduction in RIR among Class II plants for the period from 2013 - 2015 versus 2016 - 2018:

- 208 Panolam — Huntsville, ON

**Safety Achievement Award** - for operating from 2016 to 2018 at more than 50% below the average Class II RIR:

- 001 Arauco North America - Malvern, AR
- 096 Arauco North America - Bennettsville, SC (MDF)
- 217 Arauco North America - Sault Ste Marie, ON
- 404 Louisiana-Pacific Corporation - Roaring River, NC
- 415 Louisiana-Pacific Corporation — East River, NS
